

Pipe Hangers & Supports Pvt Limited – PRESS RELEASE

We are pleased to announce that Mr. R Chandrasekhar has joined us as Vice President – Head of Engineering.

Mr. Chandrasekhar brings with him a wealth of experience in the Power Sector.

A graduate (B. Tech) of the prestigious I.I.T (Indian Institute of Technology) Madras in Mechanical Engineering, Mr. Chandrasekhar was most recently Head Mechanical of L&T – Sargent & Lundy Limited in Faridabad where he had overall responsibility for Mechanical design.

Previously he worked for 25 years with BHEL in the Piping Center Chennai in the engineering department where his expertise lie in stress analysis of critical piping and design of hangers and supports. Prior to joining L&T he briefly worked with Cethar Vessels where he specialized in proposal engineering of 660MW and 800MW projects.

He has also received training at Mannesmann Germany in the areas of Piping Stress Analysis and Pipe Supports Engineering.

We are fortunate that one of the foremost experts in the country has joined our team giving us a big boost as we specialize in supplying pipe hangers & supports for 660MW, 800MW and 1000 MW projects.
